The Alaska Air Carriers Association supports and advocates for the Alaskan commercial aviation community.
LEGACY
Creating Aviation Careers

Legacy is the Alaska Air Carriers Association latest initiative

- To Identify & Develop Aviation Career Paths
- Pilots, Mechanics, Dispatchers, Flight Attendants & Other Aviation Related

Where do you see an added need for training?
AACA wants to fill those positions with qualified individuals who have received on the job training.

AACA Legacy: To provide our members with the work force needed for now and future years.

Alaska Air Carriers Association

Existing to foster and support a stable commercial aviation industry founded upon the principles of safety, professionalism and longevity

The Alaska Air Carriers Association (AACA) was founded on March 10, 1966, as the Alaska Air Taxi Operators, and existed to help operators in Southwest Alaska have an organized aviation “voice.” Of specific concern at that time were several pieces of state legislation, including formation of the Alaska Transportation Commission.

Three attending legislators were made honorary members and the first president was Arlo Livingston. Primarily through his years of work, the organization survived and prospered. Other early members who provided guidance included Kenny Eichner from Ketchikan, Richard Wien from Fairbanks, and Rex Bishopp from Anchorage.

During an annual meeting in 1972 the members voted to substantially raise dues and properly fund a year-round professionally staffed organization. The first Executive Director was Jim Dodson, Jr, and the organization adopted the name of the Alaska Air Carriers Association.

Since inception, AACA has experienced a steady, determined growth both in membership, prestige, funding and an ability to command the attention and respect of the industry, governmental agencies, and the public.

In 1974 AACA began an annual convention in addition to its annual meetings. This venue continues to provide an opportunity for industry to gather, speak to common problems, meet with government agencies, and set new goals. Training programs were added to improve the safety of operations and business management, and a trade show was then added to facilitate further business opportunities.

Today, AACA is continuing to advocate on behalf of aviation companies with state and federal legislative bodies and government regulator agencies. In addition, we are developing additional support and training programs to serve members. In 2010 we plan to have an active health insurance package to offer to all members.

As we move into the future, AACA shall continue to seek further avenues of service and support to our members to insure the vigorous health and financial viability of Alaska’s aviation industry.
We greatly appreciate AACA’s contributions to building and protecting Alaska’s aviation industry. Alaska Airlines is proud to be an AACA member. Thank you for all your hard work.

Part 135 Commuter
The purpose of AACA is to foster and support a stable commercial aviation industry founded upon the principles of safety, professionalism and longevity. AACA is represented to over 160 companies who have joined together to improve safety and reduce accidents, raise the bar in all aspects of operational excellence, and to continue both activities while improving the services and financial vibrancy of our companies.

Vision, diversity and a broad experience base makes the AACA board strong. Our board includes members with experience not only in aviation, but in the financial, insurance, repair, service and manufacturing sectors.

MATT ATKINSON, AACA President
Matt Atkinson was born and raised in Fairbanks, Alaska. He grew up playing hockey in the old Fairbanks Youth Hockey Association and with the Gold King Midget “A’s.” He holds a Bachelor of Science degree in International Business administration. He’s married to Carey and has a daughter, Miranda, 14 and son, Simon 11 years old -- both hockey players. Matt remains passionate about hockey, coaching and leading skill clinics. He is co-owner of Northern Alaska Tour Company, and of the separate but related companies of Warbelow’s Air Ventures, Air Arctic, and Coldfoot, Deadhorse, and Yukon River Camps. Matt is a current board member and past-chair of the Fairbanks Convention and Visitors Bureau and is current vice-president of the Board of the Morris Thompson Cultural and Visitors Center. For past several years, Matt has enjoyed teaching spring tourism classes at Tanana Valley Campus of UAF.

SUSAN JOHNSON, AACA Vice President
Susan is a lifelong Alaskan who has been the Anchorage station manager for Everts Airargo for 14 years. She has served on the AACA Board for six years and is chair of the Events, Scholarship, Membership and Board Development committees. Susan’s aviation experience includes managing cargo operations, service centers, training & standards, in-flight services, personnel, and customer service. She graduated Magna Cum Laude from UAF and previously worked at DHL, Airways, Mark Air, and Princess Tours.

WILFRED RYAN, AACA Treasurer
Wilfred passed his private pilot’s license, then acquired his ATP and flight instructor certificates at 23. Today, he has more than 28,000 flight hours, primarily in Western Alaska. Wilfred served as Chief Pilot from 1971 to 1977 for Unalakleet Air Taxi, a charter company that his father started in 1953. He changed the company name to Ryan Air Service—once the largest commuter airline in Alaska, serving 80 rural communities with 35 aircraft and 380 employees. Wilfred also worked for Baker Aviation in Kotzebue as a Chief Pilot and Director of Ops, then for seven years was the Bir- ing Strait School District’s Travel Manager and Pilot. Returning in 1997, he is now president of Ryan Air.

HABBERT STAD, SCOTT, AACA Secretary
Scott Haberstad is a lifelong Alaskan currently residing in Anchorage with his lovely bride Amy and two children. Scott graduated from Ketchikan High School in 1989, attended Everts Airargo flight school upon graduation from high school. Scott earned his multi engine commercial land and sea ratings. He returned to Ketchikan to fly for Tasqa Airline in the summer and at-tended college part time at University of Alaska Fairbanks. He earned his ATP and Instrument certificate in 2006 in Anchorage and is a certified flight instructor. In 1999 and returned to Ketchikan to continue his flying career; shortly after returning, however, he went to work for the Ketchikan Visitors Bureau as the Director of Marketing. In 2001, Scott went to work for Alaska Airlines as an account ex-pert in 45 boroughs and was termed to Manager of Regional Sales, Alaska. Scott is the Director of Sales & Community Marketing-Alaska. Scott is active in the community, sitting on the boards of the Resource Development Council, Visit Anchorage—past chair, Alaska Travel Industry Association—chair and Providence Foundation, Alaska.

DANNY SEYBERT, AACA Past President
Born and raised in Pilot Point, Danny started flying before he could look over the yoke of a plane. He flew for his Dad, Orin Seybert, founder of PenAir, for years before receiving his first checky. Danny was hired for pay as a line pilot in 1983, and currently has more than 16,700 flight hours. He has held many positions in the airline including pilot, station manager, safety, certification trainer, Director of Safety, and Chief Operations Officer. After 51 years in business, his father stepped down and Danny assumed the role of President. He oversees 500 employees statewide and guides the company operations. Danny is currently employed by PenAir, primarily in southeast and southwest Alaska.

NORMAN CHANCE, AACA Board Member
Outside of the workplace, Norm has spent a significant amount of time volunteering on several aviation advisory boards for Purdue and Vincennes Universities. From 1999 to 2006, Norman served in several capacities with the Civil Air Patrol in Indiana. While on active duty as a CAP Education Instructor, Norman continued to take on new tasks until becoming the Inspector General for the Indiana Wing in 2005. Norm and his wife Stacy, resides in Palmer with their 4 children.

LUKE HICKERSON, AACA Board Member
Is currently the Vice President of Operation at Hageland Aviation Inc. based in Anchorage, Alaska. He is a lifelong Alaskan who has been the GM for Unalakleet. Luke has accumulated over 15,000 hours of flying time in Alaska, and has been with Hageland since starting with Hageland in 2003. In addition to the VP of Operations, Luke also served as the Chief Pilot at Hageland. Over the past two years, Luke has been instrumental in the development of the Hageland Operational Control Center located in Palmer, Alaska.

MIKE LAUGHLIN
Mike was born and raised in Anchorage, Alaska and grew up around aviation since he was a small child, getting his pilot’s license at 17. Mike started his career in aviation with Regal Air as a dock hand in 1999, and in 2005 after attending college at Colorado State University with a degree in Engineering, he returned home to take over the family business served as Director of Ops, Check Airman, and expanded the fleet of Regal Air to include 6 aircrafts. In addition to being an active member of AACA, Mike also sits on the board of the Lake Hood Master Plan Advisory Committee.

MEGAN VAN VALIN
Megan was born and raised in Anchorage, Alaska. Growing up and while on her off time from the ice rink or softball field, she spend many hours at the airport working side by side with multiple family members (both her mother and her aunt have worked in the transportation industry for over 30 years). Once a teenager, Megan may have told herself repeatedly that she was going to do something different but like most, she soon found that this wonderful world of transportation was in her blood. While home between college years, she flew for her aunt and before she knew it, 13 years had passed. Megan may have started her career flying but she spent 13 years since then working very closely with the Oil & Gas and Construction Industries focusing on Customer Service, Sales, Operations, Logistics Management, and more. She has spent time with ground, rail, barge, and air companies continually gaining knowledge that in turn she came to use to help each and every one of her customers. Megan is currently working for Northern Air Cargo as a Business Analyst supporting the North Slope Borough, Dillingham, McGrath, Aniak, and King Salmon. Each day comes with new and exciting challenges. Although Megan does not find herself to be the best Track and Field athlete, she certainly is happy to take on each hurdle that comes her way. Megan finds home with NAC and cannot wait to see what the future holds for her and Northern Air Cargo based at Lake Hood in Anchorage, Alaska.

CHUCK MILLER, AACA Board Member
Chuck is an Alaskan businesswoman with five collision shops located in Fairbanks, Wasilla and Anchorage, earned his private pilot’s license in 1982. After building time in a T-Craft and Cessna 182, Chuck’s interest in Alaska’s WWII history became the driving influence on subsequent aircraft acquisitions including the L-13, two T-6’s, and a Japanese Zero. Since 1982, Chuck has earned his private, commercial, ATP, instrument andänner certificates in the DC-3, C-119, and Boeing 737. In 1989, Dennis purchased and operated a Part-135 on-demand and schedule air service company until he began flying 737’s with a major oil service company. Five years ago Dennis began the company’s UAS program and in 2013 launched the first type certificated com- merical aerial survey program. Dennis is engaged in the aviation industry including Capstone Program, Medallion on Program, active on State DOT Airport Committee, FAA Industry Counsel, and active in the Washington D.C. based 228 committee, which is developing UAS operation and certification standards, for implementation of UAS into the NAS.

DENNIS PARRISH, Board Member
Dennis kindled his interest in aviation as a young Army brat while living in Anchorage and Fairbanks. At age 17, after graduation from Ketchikan High School, Dennis earned his Private Pilot Certificate and a&P-1L. His professional flying career began in C-130, and a Japanese Zero. Since 1982, Dennis has held a Line Pilot, Captain, Director of Ops, Check Airman, and expanded the fleet of Regal Air to include 6 aircrafts. In addition to being an active member of AACA, Mike also sits on the board of the Lake Hood Master Plan Advisory Committee.

MIKE STEDMAN, AACA Past President
Mike was born and raised in SE Alaska involved for 28 years as a commercial and private pilot. He is currently Vice President of Operation for Wings Operations and Airports, has served on the AACA Board of Directors for six years, and is currently chairman of the Governor’s Committee. Mike was born and raised in Sitka and is married with two grown children.

SCOTT VALENZUELA
Scott is the Managing Partner & Director of Island Air Express based at the Klawock Airport on Prince Wales Island, Southeast Alaska. He was born in Anchorage, Alaska and raised on Lake Clark. It was there that Scott was immersed in aviation as it was the only mode of transportation in and out from this remote region. Scott started learning to fly from his father Glen at 12 years old and soloed with his father’s superb cub on floats at age 14. Since this time, Scott has been involved in Alaska aviation. In 1987 at age 15, Scotts family moved to Prince Wales Island in Southeast Alaska and built a fishing lodge and fly-in sport fishing camp. Scott started managing El Capitan Lodge in 1990 and purchased it in 2002. Scott Air, LLC (now known as Island Air Express) was established in 1998 as a Single Pilot Operator using a Cessna 206 on floats to support El Capitan Lodge. As of 2015 Island Air Express is the sole carrier of US Priority Mail to the towns of Craig & Wrangell aside from the one daily flight into and out of Klawock and the only IFR Air Carrier serving the region. Utilizing the Chelton/Capstone IFR system in each of its aircraft, Island Air Express provides at a level of safety and reliability never before achievable in Southeast Alaska.
By acknowledging the exceptional merit of an individual or organization, the Alaska Air Carrier Association service awards encourage performance at the highest standards, continually developing professionalism in the Alaskan aviation industry. 

**AACA Arlo Livingston Award** Recognizing individual achievement in the betterment of Alaskan aviation. 

The AACA Arlo Livingston Award was created in 1983 in memory of a remarkable man who made a life long contribution to the aviation industry. Arlo was instrumental in starting the Alaska Air Carriers Association in 1966. Previous recipients include leaders from every corner of Alaska: Carl Brady, honored as an early helicopter pioneer; Richard Wien, honored for taking AACA statewide & serving as the 1st statewide president; Ken Eichner, helicopter pilot and businessman, honored as an initial AACA supporter. 

This award is considered each year, but is given only when a deserving candidate is identified who has made an exceptional contribution to Alaskan aviation. 

**AACA Tony Cestnik Maintenance Award** 

The Tony Cestnik Maintenance Award exists to honor an individual, team, or organization for distinguished, longstanding performance of aviation maintenance which sets a standard of excellence. 

**Mechanic of the Year Award** 

Recognizing a mechanic for exemplary long-term service or an outstanding specific action which personifies an outstanding awareness of the contribution to aviation safety. The recipient must be a current Airframe & Powerplant-rated mechanic with at least five years of experience. Eligibility for this award is limited to hands-on maintenance personnel and their direct supervisors. 

**AACA Aviation Support Award** 

This award recognizes contributions made by a person or team which display outstanding service to the aviation industry, customers or fellow aviation professionals. For example, mentorship, exceptional customer service, exemplary professionalism, leadership by example, safety contributions, and/or service which has brought credit and recognition to Alaska aviation. 

**AACA Iditarod Humanitarian Service Award** 

Honoring an individual pilot or aviation company who best demonstrates the value of aviation in transporting and caring for the dogs or people participating in the Last Great Race. The award may be for a particular single action, or for service in a consistently outstanding manner for a period of time. 

**AACA Excellence in Communications Award** 

Recognizing an individual, publicist, journalist, or media group that has achieved either (a) the most distinct dissemination of aviation news that results in public awareness, (b) makes a significant impact in educating the public on an aspect of the aviation industry, or (c) provides, over a period of time, consistently informative coverage that positively advances an aviation issue. 

**AACA Community Service Award** 

Recognizing an individual or organization for outstanding service to the community through improvements to cargo, mail or passenger service to a specific site or a region. The award can recognize a particular single action, or for service in a consistently outstanding manner for a period of time. 

**AACA Emergency Medical Transport Award** 

Honoring an aviation team or pilot who, through a particular rescue / transport or contributions over a period of time to the air medical industry, has exemplified professionalism and expediency in the saving of lives. 

**Pilot of the Year Award** 

Recognizing an outstanding single feat performed by a pilot during the year, or extraordinary professionalism over a period of time. 

---

THE NOMINATION FORM MAY BE COPIED FROM THIS BOOK FOR YOUR USE.
FORREST JONES MEMORIAL SCHOLARSHIP

Purpose and Qualifications

The Forrest Jones Memorial Scholarship was established in 1999 to honor Forrest Jones, a dedicated aviation maintenance professional and role model who combined innovative thinking and a commonsense approach to everyday problems. Forrest made a significant contribution to aviation in the State of Alaska, actively supporting aircraft operations for over forty years. His maintenance philosophy of “fixing it right, by the book” was combined with a high degree of professionalism and integrity.

The Forrest Jones Memorial Scholarship seeks to perpetuate this attitude and commitment to aviation in Alaska. The scholarship is awarded in early spring at the annual Alaska Air Carriers Association Convention. The amount to be awarded each year will be determined annually by the AACA Scholarship Committee.

The Scholarship Committee considers the following factors in determining awards:

1. High school grades, college/university grades, or GED scores
2. SAT/ACT scores
3. Demonstrated leadership, citizenship, and community service accomplishments
4. Purpose, ambition, integrity, and personal initiative
5. Letters of recommendation
6. Applicant’s personal essay

Conditions

- Applicant must be enrolled in or applying to one of the following (in an aviation field), or a high school senior applying to:
  - Accredited college or university
  - Licensed flight school
  - Certified A&P program

GPA

- 2.0 or higher
- Non graded programs—Pass only
- Certified transcripts

Academic Load

- Full load—12 credits per semester must be carried

Good Standing

- Student must be in good standing with the educational institution
- Scholarship will not be issued if student is dismissed, terminated, or does not complete flight school
- Scholarship will not be issued for more than five academic years, consecutive or not

Who may apply

- This scholarship program does not exclude AACA members, board members, or their family members; anyone may apply.

Deadline

- All information must be turned in or postmarked by the January 1. No incomplete applications will be accepted.
- 2.0 or higher Non graded programs—Pass only Certified transcripts

An application is on the reverse side of this page and may be copied for use.

Applicant must currently (1) be enrolled in an accredited college, university, licensed flight school, certified A&P program OR (2) be a high school senior applying for enrollment in one of the above mentioned programs.

Applicant must be enrolled in or applying to one of the following (in an aviation field), or a high school senior applying to:

- Accredited college or university
- Licensed flight school
- Certified A&P program

AACA has partnered with the Independent Fixed Base Operators Association to offer financial savings on Workers Compensation Insurance underwritten by QBE. AACA members who are also members of IFBOA, can receive Good Experience Returns on your workers compensation insurance. These returns are averaging over 20% for our membership, and IFBOA annual dues are locked at $300 for participants in the Workers Compensation Program.

IFBOA serves all types of General Aviation businesses. From charter operators, full service repair facilities, airports, and everything in between; our association provides industry information, training and exclusive IFBOA membership benefits.

Together We’re Better! Contact AACA or IFBOA for more information.

Aero-Mach is the “go to” facility for quality repair for many of the industry’s leading products and components that fit a wide variety of worldwide aerospace manufacturer’s airframes. Our extensive experience and certifications has made us a recognized industry leader for our commitment to our customers and the future.

Supplying service, as well as manufacturing instruments for most of the world's leading aircraft manufacturers, allows us to know the aircraft, the instruments, the industry, and just as important, the industry knows us. Our clients know they can turn to us for help in troubleshooting a problem, for instant consultation and authoritative advice on a broad range of instrumentation and fuel management components. Backed by our extensive technical library and product specifications database, our people add value to our inventory by providing a level of service second to none.

Ryan Marlow ryan@akaerialmedia.com

Born out of passion for technology and desire to tell stories in a unique way, Alaska Aerial Media is Alaska’s premier aerial imaging company. The Alaska Aerial Media team has years of experience in unmanned flight operations. We provide a wide range of cutting edge platforms and camera equipment to produce a variety of different final products. By combining our tools and expertise we are able to elevate the value of every project we are a part of to new heights.

It is our mission to positively impact every industry we can with UAV technology. Even today we’re still finding new uses for the technology. We provide services for a wide range of applications; everything from promotional type videos, real estate and cinematography to search and rescue and wildlife management.

If you have a project that you think we could assist with, feel free to contact us. We love making our clients dreams a reality and are always open to new opportunities + projects.

4200 Floatplane Drive
Anchorage, AK 99502
Phone: (907) 245-1251
Fax: 888-558-1684
www.alaskaairmen.org

With more licensed pilots per capita than any state in the union, the Airmen includes 1,500 members, one of the largest General Aviation state memberships in the country. Our mission is to promote aviation, enhance safety and support initiatives that benefit pilots and our growing aviation community. Whether you’re a veteran pilot or just discovered a passion for aviation, the Alaska Airmen is proud to welcome new members who share the wonders of flight on the Last Frontier!
The Alaska Air Show Association is a non-profit organization dedicated to promoting the display of aviation, aerospace power, national defense and the mission of our Air Forces, and aviation education. The Association organizes events and venues throughout Alaska through sponsorship, with a focus on the base open house and the Arctic Thunder Air Show at Joint Base Elmendorf Richardson. We also honor Alaska’s heroic aviators who have contributed so much to the growth and defense of our way of life with particular emphasis placed on educating young people by inspiring them to military careers, providing space and aviation camp scholarships for high school students, aviation education scholarships to university students, and flying scholarships to airmen through the base aeroclub.

General Information
atia@alaskatia.org

The Alaska Travel Industry Association (ATIA) is the non-profit, member-based, travel related association that conducts marketing on behalf of the State of Alaska. ATIA also represents and advocates for the industry in the policy arena. ATIA's membership is comprised of 1100 member and service related businesses—from small bed and breakfasts to major corporations.

ALASKA TRUCKING ASSOCIATION, INC.

3443 Minnesota Drive
Anchorage, Alaska 99503
Phone: (907) 276-1149
Fax: (907) 274-1946
info@aktrucks.org
www.aktrucks.org

Aves Thompson, Executive Director
aves@aktrucks.org
Liz Glooschenko, Business Manager
liz@aktrucks.org
Mike Moeller, President
info@aktrucks.org

The Alaska Trucking Association (ATA) provides support for the transportation industry through regular updates, lobbying, and the sale of all the books and forms necessary to run a trucking company in Alaska. The ATA also provides titling and registration as a partner with the Division of Motor Vehicles.
The Alliance for Aviation Across America (AAA) is a nonpartisan, nonprofit, coalition of over 6,300 aviation and non-aviation stakeholders that include individuals, businesses, FBOs, small airports, elected officials, agricultural and charitable organizations. Formed in 2007, AAAA works to raise awareness about how general aviation, in addition to supporting local business activity, provides critical services for communities across the country such as medical care, disaster relief, agriculture, fire fighting, and law enforcements amongst others.

General aviation contributes $150 billion to our economy, and supports 1.2 million jobs. For more information, visit the Alliance’s website and check out its economic impact survey page that gives a state-by-state breakdown of general aviation’s economic impact.

ALPAR: ALASKANS FOR LITTER PREVENTION AND RECYCLING

P O Box 200393
Anchorage, Alaska 99520
Phone: (907) 644-7968
Fax: (907) 274-8023

Mary Fisher, Executive Director
alpar@gei.net

ALPAR is a non-profit organization dedicated to eliminating litter and increasing economically viable recycling in Alaska. Alaskan air carriers participate in the “Flying Cans” program.

Alyeska Pipeline is an oil transportation company representing owner companies that transport oil down the Trans-Alaska Pipeline System (TAPS). Alyeska charters the services of multi-engine fixed wing and helicopter services along the pipeline corridor. The 800-mile-long TAPS is one of the world’s largest pipeline systems. Starting in Prudhoe Bay on Alaska’s North Slope, TAPS stretches through rugged and beautiful terrain to Valdez, the northernmost ice-free port in North America.

Ampaire, Inc., is developing technology to enable high performance electric flight. In the near term, they are designing an electric powertrain which can be used to convert existing aircraft to be fully electric, which will realize significant reductions in operating costs, noise, and emissions. Ampaire also offers flight testing components on fully electric aircraft.
# ANDREW AIRWAYS

P O Box 1037  
500 Trident Way  
Kodiak, Alaska 99615  
Phone: (907) 487-2566  
info@andrewairways.com  
www.andrewairways.com

Founded in 1995, Andrew Airways began as an operation from the city of Kodiak on Kodiak Island. We now operate the largest fleet of float-equipped De Havilland Beavers on the island. Our maintenance facility located at Kodiak State Airport, supports the aircrafts we fly.

With the combined flying experience of the owner Dean Andrew, and his seasoned pilots, flying the Alaska Peninsula and the Kodiak Archipelago Islands total more than 60 years.. Andrew Airways service holds the key to the finest adventure trips in Kodiak.

# AVFUEL CORPORATION

47 W Ellsworth  
Anchor, MI 48108  
Phone: (734) 663-6466  
Keith Sawyer  
ksawyer@avfuel.com

Avfuel Corporation is a global supplier of aviation fuels, systems, and services. We connect aviation customers of all types – FBOs, airports, corporate flight departments, charter operators, helicopters, regional and major airlines, the military, and more – with comprehensive systems or a la carte solutions tailored to the specific activity at hand.
We have more parts to choose from and more of those parts on our shelves than anyone else. We represent more original equipment suppliers for more types of aircraft than any other aviation parts distributor. We are experts at helping you find the parts you need as quickly as possible—even if we don’t have it.

AACA Supports and Advocates for the Commercial Aviation Community
The National Institute for Occupational Safety and Health (NIOSH) is the federal agency responsible for conducting research and making recommendations for the prevention of work-related injury and illness. NIOSH is part of the Centers for Disease Control and Prevention (CDC) in the Department of Health and Human Services.

Based on unit sales, Cessna Aircraft Company is the world's largest manufacturer of general aviation airplanes. In 2008, Cessna delivered 1,301 aircraft, including 467 Citation business jets, and reported revenues of about $5.662 billion. Cessna has a backlog of $14.5 billion as of December 31, 2008.

Since the company was originally established in 1927, some 192,000 Cessna airplanes have been delivered around the world, including more than 5,700 Citations, making it the largest fleet of business jets in the world.

"A generation which ignores history has no past and no future" – Robert Heinlein

The CAF was founded to acquire, restore and preserve in flying condition a complete collection of combat aircraft which were flown by all military services of the United States, and selected aircraft of other nations, for the education and enjoyment of present and future generations of Americans.

More than just a collection of airworthy warplanes from the past, the CAF’s fleet of historic aircraft, known as the CAF Ghost Squadron, recreate, remind and reinforce the lessons learned from the defining moments in American military aviation history.

Greg Foulks, CEO

Falcon Technologies was founded to bring the focus back to providing quality service to its customers, doing so with integrity, while putting its customers first, and doing it all with excellence. Information-technology expertise doesn’t have to be impersonal or overpriced. In fact, streamlining your organization with our high-quality professionals and services can create a more efficient business, saving you both time and money. In today’s economy, it becomes even more crucial to hire skilled contract staff that will provide your business with the integral support and crucial knowledge it needs. As a homegrown business created in central Ohio, we are particularly attuned to the needs of other central-Ohio businesses.

AACA MEMBERS

Membership Benefits
Refined to Meet Alaskan Air Carrier Needs

Advocacy

AACA has partnered with IFBOA to administer this compelling membership benefit. This exclusive program provides Good Experience Returns on worker’s comp paid insurance premiums.

Pilots Loss of License Insurance
Designed by Air Sure Limited specifically for the AACA member, this insurance policy provides income protection to Alaskan pilots due to loss of a medical certificate.

Education, Outreach, Networking, Legends, Service Awards and Scholarships
Each year AACA hosts annual events that include the Alaskan Aviation Legends Banquet, AACA Convention and Trade Show meetings and roundtables.

Credit Card Processing
AACA partnered with Preferred Payments, the industry leading merchant service provider, to offer members credit card processing rates 40% lower than the industry standard, along with many other benefits such as no contract, no cancellation fee, no setup fee and a dedicated AACA Member Account Representative. For a complete list, please contact: office@alaskaaircarriers.org.

Aviation News and e-Blasts Communications
AACA Airmail is a monthly newsletter that provides the membership with updates on national and statewide regulatory, legislative and industry news, and registration information for events and programs. AACA keeps the membership informed of the latest news!

Membership Discounts
Many AACA Members offer discounts. For a complete list, please contact: office@alaskaaircarriers.org.

The Alaska Air Carriers Association supports and advocates for the Alaskan commercial aviation community.

- Professional Liability
- Outdoor Recreation — Lodges & Guides

The Anchorage insurance office of HUB International, the headquarters of our Alaskan Regional Practice, has been working with businesses and families of South Central Alaska since 1978. Our team of Anchorage insurance advisors are client focused, deliver innovative and customized risk management and insurance programs, and provide cost-effective solutions that bring our clients peace of mind. We understand the needs of the Alaskan market and have strong relationships with a variety of top rated insurance carriers, and because of that, we are uniquely positioned to meet the needs of our clients.

In 2016, the HUB Anchorage insurance office was formed when HUB International joined forces with two prominent local agencies, Patterson Insurance Brokers and Gwaltney and Associates. In 2017, HUB acquired Denali Alaskan Insurance. This strategic alliance created an opportunity to offer our clients the resources of the largest privately held global insurance broker while maintaining the local management, long-term relationships and the superior services our clients have come to know and trust.

HUB International Anchorage is a full-service broker, offering a complete array of Commercial Insurance, Surety, Risk Management, Employee Benefits and Personal Insurance programs.

Greg LaHaie, President greglahaie@yahoo.com

Kantishna Air Taxi (KAT) is based at the end of the 94-mile gravel road, deep within Denali National Park. Granted a concession permit by the National Park Service, we are the only air operator that is based within the boundaries of Denali National Park and Preserve. We are the only company allowed to provide scenic Alaskan tours from Kantishna and provide air taxi service at the McKinley Park airstrip near the park entrance.

We began our flight service in 1992. We are a small local company with experienced local pilots and a perfect safety record. We emphasize high customer service and pride ourselves on providing amazing flights for a great value. We provide air taxi support and scenic flights for all the world class lodges in Kantishna!

Founded in 1940, the National Air Transportation Association (NATA) represents the interests of the general aviation business community before the Congress and federal, state, and local government agencies. Representing nearly 2,300 aviation businesses, NATAA’s member companies provide a broad range of services to general aviation, the airlines, and military. NATA members range in size from large companies with international presence to smaller single-location operators that depend exclusively on general aviation for their livelihood. Smaller companies account for the majority of NATA’s membership and most NATA members have fewer than 40 employees and are designated as small businesses by the U.S. Small Business Administration.

Northland Aviation Services, family owned and operated since 1986, specializes in competitively priced aircraft parts and competent, efficient maintenance. We offer an extensive inventory of aircraft parts to buyers across the US, with thousands of FAA-approved line items, on the shelf and ready to ship.

In 2012 Northland became Alaska's authorized Cessna ASR (Authorized Sales Representative) for new Cessna aircraft. Northland has the ability to not only put you behind the yoke of a brand new Cessna, but to keep it in impeccable condition for the many years it will serve you with reliable performance. Contact us about purchasing your new Cessna Caravan, 206, or any of Cessna's other propeller aircraft.

www.northlandaviation.com

Northland Aviation Services, family owned and operated since 1986, specializes in competitively priced aircraft parts and competent, efficient maintenance. We offer an extensive inventory of aircraft parts to buyers across the US, with thousands of FAA-approved line items, on the shelf and ready to ship.

In 2012 Northland became Alaska's authorized Cessna ASR (Authorized Sales Representative) for new Cessna aircraft. Northland has the ability to not only put you behind the yoke of a brand new Cessna, but to keep it in impeccable condition for the many years it will serve you with reliable performance. Contact us about purchasing your new Cessna Caravan, 206, or any of Cessna's other propeller aircraft.

Liam Connolly, Industry & Regulatory Affairs    connolly@raa.org    202 367-2409

RAA represents North American regional airlines, and the manufacturers of products and services supporting the regional airline industry, before the Congress, DOT, FAA and other federal agencies. Founded in 1975, Washington, DC-based RAA also provides a wide array of technical, government relations and public relations services for regional airlines. The association's 43 member airlines and 305 associate members represent the key decision makers of this vital sector of the commercial aviation industry.

Stan Bernstein, President    raccaemail@aol.com

The Regional Air Cargo Carriers Association is the only organization dedicated to meeting the policy, communications and information needs of on-demand cargo aircraft operators in the United States. More than 50 FAA-certificated air carriers are regular members, and many more companies involved in the service and support of these operators have also joined RACCA. Since its inception in 2002, RACCA's goal of establishing itself as an effective leadership organization for regional cargo airlines remain unchanged. The association is a key advocate on behalf of regional cargo carriers throughout North America before various federal government agencies, including:

- The Federal Aviation Administration
- The Transportation Security Administration
- The Department of Transportation

Tyler Robinson, President & Dir. of Ops sunriseaviation@gci.net
David Galla, Director of Safety & Chief Pilot
John Calvert, Director of Maintenance

Our mission is to provide outstanding service, unrivaled flexibility, great value and an emphasis on safety. We offer sightseeing, transportation to and from private or commercial boats, transport to USFS cabins, medical emergency flights, as well as search and rescue.

We provide transportation to numerous lodges, fly-ins for hunting and/or fishing, and charters for US Forest Service crews as well as State employees to and from remote locations.

Other flights include aerial recons, cargo transport, and any other personal or business transportation need. Sunrise Aviation has the experience and its fleet allows flexibility to accommodate most requests!

Swift Fuels is a global leader in the development of high-performance unleaded aviation fuels. This includes UL102, an unleaded 102 Motor octane aviation gasoline that meets ASTM D7719 and a 94 Motor octane aviation gasoline that meets ASTM D7547. This includes advanced efforts to finalize certification of UL102 by the FAA’s Piston Aviation Fuel Initiative (PAFI) for use in all airplanes currently fueled by 100LL. 94 MON Avgas is in the process of being commercialized and is expected to expand to more airports as quickly as possible. In addition, Swift has developed SwiftJet, renewable jet fuel being evaluated by the FAA’s Continuous Lower Energy, Emissions, and Noise (CLEEN) program. Swift Fuels looks forward to a day when lead will be permanently removed from piston-engine aircraft through the roll-out of Swift’s environmentally friendly, high-performance unleaded aviation gasolines.

Takeflite is an Airline Software Company specializing in rapid application development for complete cloud-based airline software. The software provides a full cloud-based workflow service for airline bookings, operations, maintenance and mobile apps. The company has teams in New Zealand, Australia, North America, Africa and the Middle East.

Takeflite delivers key software services to the following markets: Corporate Fleets, Regional Airlines, International Airlines, Humanitarian, Commuter Shuttle, Freight, Charter/Tour Package, Seaplane, US/Alaska (DOT/APIS/Gendec), Asia/Pacific, Australia (BTRE), Africa/Middle East.

Tanalian Aviation is Anchorage Alaska’s premier helicopter operator. Offer exceptional helicopter sightseeing tours across the state. With locations at both Merrill Field and Port Alsworth, we’ve been in the Alaskan aviation industry since 1985.

The Alaska Center for Unmanned Aircraft Systems Integration - RDT&E, or ACUASI, was established in December 2012 by the University of Alaska Board of Regents in recognition of the importance and growth of the unmanned aircraft program. It was established under the University of Alaska Fairbanks in the Geophysical Institute where it originated but was given the role of leading all unmanned aircraft programs for the entire system. It was also tasked to pursue opportunities with the FAA such as the FAA test sites.
UNIVERSITY OF NORTH DAKOTA—AERSPACE

John D. Odegard School Of Aerospace Sciences at the University of North Dakota. We are a world-renowned center for aerospace learning, nationally acclaimed for our achievements in collegiate aviation education, atmospheric research, space studies, computer science and earth systems science & policy. With over 500 faculty and staff members, over 1,500 students from around the world, and a myriad of programs and projects, the John D. Odegard School Of Aerospace Sciences is setting the pace for the future of flight.

Western Aircraft is one of the largest aircraft services companies in the Western United States. Based in Boise, Idaho, Western Aircraft offers maintenance, aircraft sales, avionics sales and installation, interior refurbishments, aircraft part sales, FBO services, airline fueling, aircraft charters and aircraft management. We stock or manage more than 18,000 FAA-approved line items, rotatable components and modification kits, with $10 million of parts inventory, on hand, ready to deliver in 24 hours or less.

Western Aircraft began as the corporate flight department for the Morrison Knudsen Corporation (MK), headquartered in Boise, Idaho, more than 60 years ago. Western Aircraft has been servicing Alaska customers for several years and we would like to earn your business as well.

Please contact Parts Sales at 800-777-4926 and for maintenance, avionics, and interiors related services call Tracy Gandy at 800-333-3442.
