

## **Seasonal pilot position available in Juneau, AK from mid-April through September 2019.**

Wings Airways is an employee-owned floatplane company offering glacier flightseeing excursions from the historical downtown Juneau waterfront.

We operate five Honeywell-Garrett equipped DHC-3 Otters with completely upgraded instruments to include Chelton Glass Cockpit. Minimum qualifications: 3000 TT, 500 on floats. DHC-3 turboprop float experience preferred.

Consideration will be made with a combination of turboprop engine, DHC-2 and/or Cessna Caravan experience. We offer a competitive wage and a company matched retirement plan. Applicants must have excellent customer service skills and be a team player.
